## TRIAL BY EXPERIENCE

### THE HOTEL AND HOSPITALITY SECTOR

The installation of our new flooring has breathed fresh life into this area of high pedestrian traffic. It is light and easy to maintain - we love it!

Blaine, USA - 200 m<sup>2</sup> of GTI Max

### HEALTHCARE - DRÔME HOSPITAL

We had to renew the floor coverings in the two main passageways of the hospital, without closing off access to areas that are submitted to heavy pedestrian and logistics traffic. Gerflor's GTI flooring was the natural and obvious choice.

Romans, France  
300 m<sup>2</sup> of GTI Max

### HEATHROW AIRPORT TERMINAL 3

The GTI Max tiling perfectly fulfilled all of our selection criteria:

- To keep pedestrian and machinery routes open throughout its installation
- To allow existing furniture to remain in place
- To minimise any weight addition to the airport structure

Heathrow, England
